

Building Capacity and Opportunities for Change

Agriteam Canada Consulting Ltd., an international consulting company is seeking candidates to fill the following position on International Technical Assistance Project funded by the Government of Canada

FINANCE SECTOR LEAD

Duration: full time

Location: Kyiv, Ukraine

Description: The Expert Deployment for Governance and Economic Growth (EDGE) Project is a project funded by the Canadian Government (GAC) and managed by Agriteam Canada Consulting. This highly responsive initiative is designed to help resolve some of the most pressing reforms issues in governance reform and economic development in Ukraine. In a manner that encourages positive change in public perception of Ukraine's government institutions and civil services, EDGE will strengthen Ukraine's capacity for managing ongoing reforms and support its progress toward a free, democratic and prosperous society.

This Canadian technical assistance project in Ukraine is seeking a Sector Lead to deliver a variety of technical assistance initiatives in the economic development sector.

Responsibilities:

As a Sector Lead, the incumbent will be the principal liaison between the project and the relevant government beneficiary. The Sector Lead will be responsible for:

- Sector needs assessment;
- Development of technical assistance plans;
- Coordination of technical assistance;
- Contributing to Projects' planning, implementation and reporting.

Required experience:

- Proactive and capable of defining his/her work and leading the project component, efficient team player;
- Strong project management skills with a minimum of 5 years relevant project experience
- Experience in financial sector
- Excellent computer skills;
- Fluent Ukrainian and English.
